

About our program

Ocean Beach Youth Group, a not-for-profit community recreation program, was founded more than 60 years ago. The program provides an engaging schedule of activities for children ages 3-13 and a counselor-in-training program for 14-year-olds.

A well-trained staff comprised of teachers, college students and teens provides a safe and comfortable environment where safety and teamwork are emphasized. Many of our staff members attended OBYG as campers and returned as adults, reinforcing their commitment to the program.
